TechMeshTM

Lite

TechMesh LiteTM works as a ground stabilising mesh and is great for use as safety grass matting underlay.

It's perfect for grassed areas prone to becoming muddy and rutted in wet conditions. TechMesh LiteTM comes in 2m x 30m rolls with a mesh size of 24mm x 24mm. Weighing 460g/m². Available in green.

Suitable for:
Road embankments & slopes
Farm gateways
Grass & soil tracks
Small road construction
Overflow car parks
Caravan/boat access

TechMesh Lite Product

ROLL SIZE	MESH SIZE	WEIGHT
2m x 30m	24mm x 24mm	460g/m ²

TechNet

2m x 30m roll size with a 8mm x 10mm mesh size and only 2mm thick. Slightly lighter weight than the TechMesh Lite and more suitable for golf ranges owing to the smaller mesh size. Available in black only.

TECHsphere™

Add another dimension to your areas with our granular rubber spheres for use as play equipment or just a colourful, fun, decorative touch. Choice of many different colours and sizes. Supplied complete with ground anchor fixings.

Suitable for:
Play areas
Gardens
Splash parks
Urban areas
Street furniture

DIAMETER	FULL	3/4	HALF
300mm*	14kg	-	7kg
400mm*	28kg	-	14kg
600mm*	130kg	-	65kg
1000mm*	429kg	300kg	215kg

*Subject to stock and availability

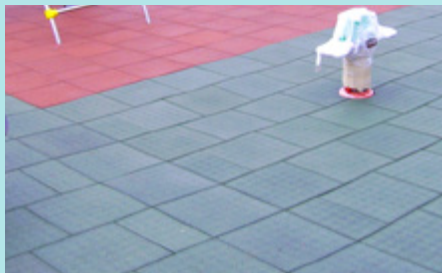

WET POUR

Safe & imaginative play areas. A seamless, maintenance-free surface. The rubber granules and resin are mixed and laid on site to produce a porous safety surface, perfect for children's play areas.

Rubber Play Tiles

Play tiles are particularly suited to areas that have no fixed play equipment, avoiding the need to cut around legs and awkward shapes.

TechMulch

Loose or Bonded. An alternative to play bark and Wet Pour for playgrounds and landscapes. Long lasting, safe and environmentally-friendly. Available in a range of colours to suit your project.

About us

Technix Rubber and Plastics is one of the UK's largest Safety Surfacing, Flooring & Matting, Fendering and Ground Protection manufacturers with specialist expertise, knowledge and understanding of the Rubber & Plastics Industry. We are based in Southampton and deliver across the UK, with exports across the globe.

Founded in 1989, we offer a vast range of products from bespoke gaskets to rubber fenders - most of which can be found on our website.

Technix is a well established UK manufacturer, with our facility running three large injection moulding machines. We proudly use recycled materials wherever possible, in an effort to support our environment.

We pride ourselves in finding the best solution at the best price. If you are unable to find what you are looking for on our website, please give our sales team a call who will be more than happy to help.

Certificate Number 5358
ISO9001

We offer many more products than we're able to show here. To see our full range, please visit:
